SILVERY TETON

AND MODERN GLADS

GAGE T. HOLLOWAY

(1943)

HENRY, NEBRASKA

Give fools their gold and knaves their power; Let fortune's bubbles rise and fall; Who sows a field or trains a flower, Or plants a tree, is more than all.

John Greenleaf Whittier In these trying times of sorrows and uncertainties what more can be done to make our cares slip away than to really have the loveliest garden ever. We are more than grateful for the splendid business you have given us the past season. We deeply appreciate your fine letters and so sorry that the labor situation incident to all grow-

ers, prevented our making a personal reply in each instance.

Of course "War Bonds" should come first on your list

And our prices enable you to have the "Tops" you have missed We try to list the "Majestic Beauties" that will really fit in At a time when the entire world rocks with tragedies of sin Even though you may call it a calamity thru and thru Merely because you can't step on the gas as you used to do; Blessed is he who now has opportunity to really go slow And no detail will be overlooked to make the "Super Glads" grow. After all, we know it will add up to just one thing Nature's garden of wonder and beauty has made you a king. If it is new in the Glad world and the finest we grow Chances are old man Holloway will have a full row; And when you open your package and there seems no end To all the "top" extras we are sure to send, Just remember that something was needed to give you cheer And it was our wish to extend your Christmas season all the year; While sugar, coffee and butter are short with many today, Route your bulb orders to us and have much less to pay.

"MOON SIGN BOOK"

Valuable publication, 256 pages, annually compiled by Llewellyn Publications, Ltd. Get in harmony with nature—It pays. Postpaid \$1.00; supplied with bulb orders aggregating \$5.00 net for 75c each; and on orders of \$10.00 or over for 50c each.

-OUR INTRODUCTIONS-GOLDEN TETON

LDEN TETON - - SILVERY TETON - - JANE WITHERS
We have a right to be proud of these "Gleaming Beauties." Golden Teton continues to be our best yellow, winner of many ribbons, the very best for show competition and has brought us many letters of praise. Silvery Teton is universally conceded the best rose red to date, winner of many ribbons, grand champion at Indianapolis in 1940 and we understand was in Mr. Wyman's GOLD MEDAL Best Collection of 25 Spikes at the Boston Show the past season. Jane Withers is conceded by many as ranking at the top of the list as the best and brightest lavender. However, reports from other sections of the country would disclose that it is inclined to grow a little short. A vigorous grower and plenty of stretch with us, making it a favorite of the florists here. We want these fine varieties to reach all the shows the coming season, You will find them listed in the and have slashed prices so you can own them. General List, Super Specials and Wholesale List.
